

## God Speaks to Me - Rhyming Reviews for CEF Curriculum

*(These reviews coincide with the review questions at the end of each lesson.)*

**Instructions:** The purpose for rhyming reviews is to utilize a creative way of restructuring the review questions into rhymes where the class can fill in the answer with a rhyming word. It is an adaption from a former game called "Ralph the Rhymer."

For example: Fill in the rhyming word in this sentence.

God's salvation is for every (nation). Or the victory is won in God's (Son).

Children do much better by answering as a class for the rhyming review. It also gives confidence to those who come close to getting the answer. They are immediately a part of the whole group with the right answer. Some reviews will have a double set of rhyming words.
