TAKE-HOME PROJECT

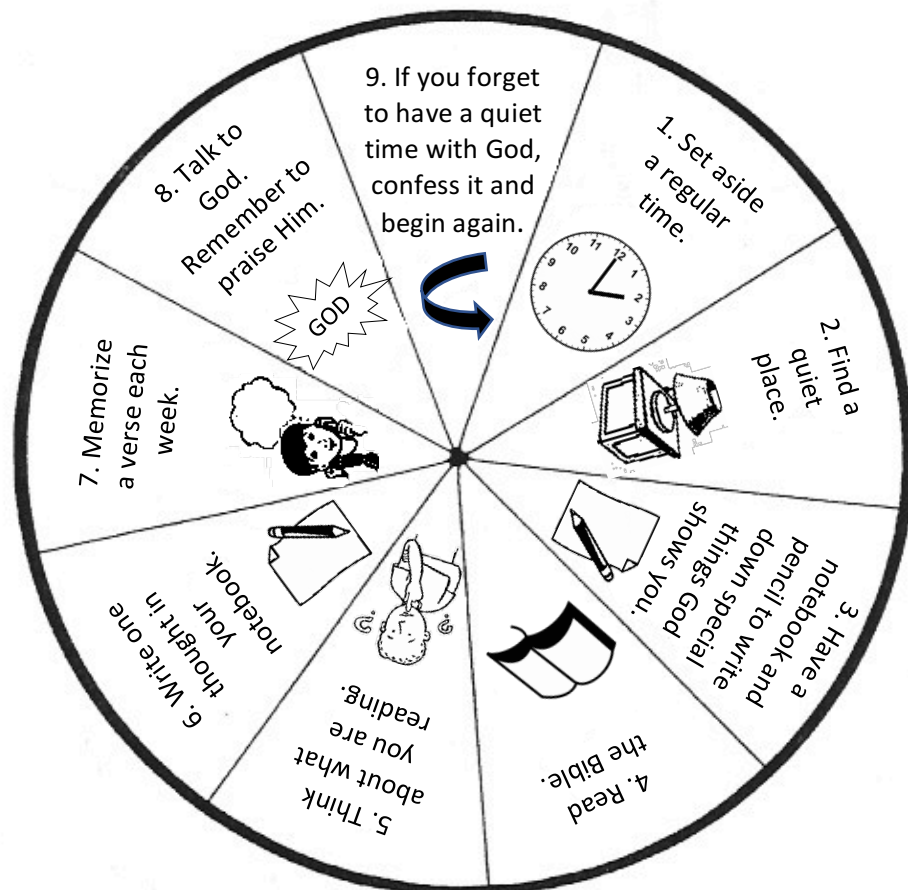

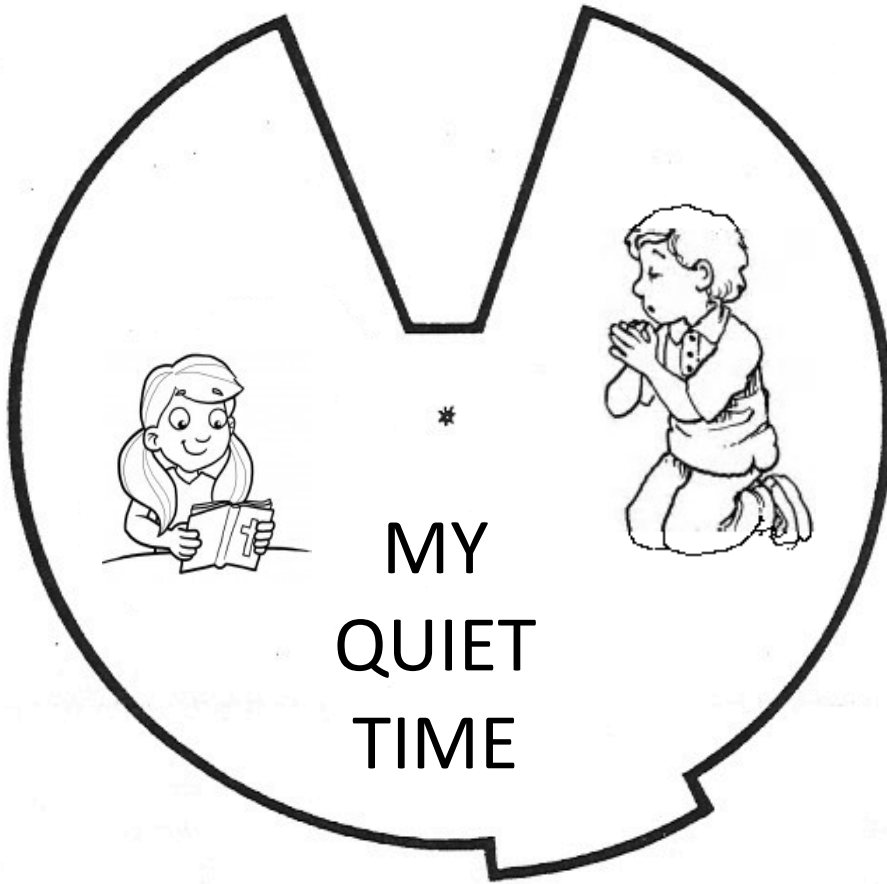

Photocopy this page and mount on cardstock, one for each child.

Let him add a little color and then cut his wheel.

Attach the two pieces with one brass fastener.

Tell the child to keep his quiet time wheel with his Bible. He should look at it each day to help him remember a good way to spend time with God.

2nd option: If there is no time for this activity with the children, find some helpers to make a class set for your club and use it to help the children establish a quiet time. (Note added by North San Diego County Chapter)

Prayer Requests for God: The One to Follow series

Lesson 1-Peter Meets Jesus

-Lord, help each child grow in the grace and the knowledge of their Lord and Savior. May they live for Your glory both now and forever. Amen!

-Father, if any of the kids do not know You as Savior, may this be the week they see their need and receive Your great gift of salvation.

-May the children understand that You made them with all with their strengths, weaknesses, and differences. May they believe You want to use each of these things for Your glory and purposes.

Lesson 2- Peter Walks on Water with Jesus

-Lord, help Your children to have faith that You, the all-powerful God, can help them in situations that seem impossible. May they cry out to You for help.

-May Your word not return void in the hearts of the children. May You protect and grow each seed of truth we plant until the time when it takes root and until the time of harvesting.

Lesson 3- Peter's Denial and Restoration

-May the saved children understand they are not slaves to sin anymore. May they ask the Holy Spirit to help them live as what they are: a new creation in Christ.

-When the saved kids fail and sin, may they quickly confess their sin and believe that You are faithful and just and will forgive that sin.

-May the unsaved kids recognize their sin and be burdened to repent.

-May the children recognize Your love and patience in their life, and may it lead to a life fully committed to serve You in any circumstances.

Lesson 4-Peter Learns the Gospel is for Everyone

-Lord, stir in these young hearts and raise up missionaries obedient to go where You send them.

-May each child understand You love each tribe, language, and people group and desire them to be around Your throne someday. Give the kids that same love and value for them.

- May the kids understand that every people group's greatest need is Jesus- they need the Gospel.

- Make each child a bold witness for You, beginning now. Give them a heart for the lost.

Lesson 5- Peter and Rhoda

-Lord, help the kids understand You hear and answer prayer. May they witness the power of prayer and get excited to bring their problems, questions, and thanksgiving to You.

-May the kids understand they can pray specifically for needs.

-Make each individual become a prayer warrior for life. May their prayers be sweet incense to You.
